

## Information technology

### Computer

#### **Households' access to a computer with Internet**

*Households' access to a computer with Internet* is the number of households that have a computer (desktop or laptop) with an Internet connection for use by one or more members of the household as a share of the total number of households. This indicator is available for total households and households in slums.

- Household breakdown: Total, slums

Units of measurement: Percent of households

Country: India

Source: Census of India–Houselisting and Housing Census (PHC–HH), Office of the Registrar General and Census Commissioner, India, <http://censusindia.gov.in>.

Time period:

- Spatial database 2001: Not applicable
- Spatial database 2011: Based on PHC–HH 2011

Rural/urban division:

- Spatial database 2001: Not applicable
- Spatial database 2011: Total, rural, urban (defined by Census of India 2011)

Spatial levels of disaggregation:

- Spatial database 2001: Not applicable
- Spatial database 2011: Level 1, Level 2, Level 3, Level 4

Administrative boundaries: Based on Census of India–Administrative Atlas of India 2011

Geometry type: Polygon

Geographic coordinate system: GCS\_WGS\_1984

Creator: Spatial Data for South Asia

**Enterprises' access to computer**

*Enterprises' access to computer* is the number of establishments that used computers during the reference year. This indicator is available for informal manufacturing enterprises and informal services enterprises. The informal manufacturing enterprises are defined as unincorporated enterprises, excluding those registered under Sections 2(m)(i) and 2(m)(ii) of the Factories Act, 1948 (i.e., excluding those with 10 or more workers with the aid of power or 20 or more workers without the aid of power). The informal services enterprises are defined as unincorporated enterprises in the services sector.

- Enterprise breakdown: Informal manufacturing, informal services

Units of measurement: Percent of establishments

Country: India

Sources: National Sample Survey–Survey of Enterprises (NSS–ENT), National Sample Survey Office (NSSO), the Ministry of Statistics and Programme Implementation, Government of India, [http://mospi.nic.in/Mospi\\_New/site/inner.aspx?status=2&menu\\_id=71](http://mospi.nic.in/Mospi_New/site/inner.aspx?status=2&menu_id=71)

Time period:

- Spatial database 2001: Not applicable
- Spatial database 2011: Based on NSS–ENT 2010–11

Rural/urban division:

- Spatial database 2001: Not applicable
- Spatial database 2011: Total, rural, urban (defined by NSS–ENT 2010–11)

Spatial levels of disaggregation:
